

Letter of Certification
American Window & Glass, Inc.
2715 Lynch Road, Evansville, Indiana 47711

American Window & Glass, Inc. Hereby certifies that the windows listed below meet the minimum federal tax credit qualification of .30 U-Value and .30 Solar Heat Gain Coefficient when manufactured with the listed options.

The Grand Mesa Window Series * Picture Windows	Requires Low-E/Argon, Foam Filling Requires Low-E/Argon, Internal Grids or Low-E/Argon, Gray Glass
The Grand Teton Window Series * Picture Windows	Requires Low-E/Argon, Foam Filling Requires Low-E/Argon, Internal Grids or Low-E/Argon, Gray Glass
The Ultra Teton Window Products * Picture Windows	Requires STANDARD window options Requires Low-E/Argon, Internal Grids or Low-E/Argon, Gray Glass
The Denali Woodgrain Series * Picture Windows	Requires Low-E/Argon, Foam Filling Requires Low-E/Argon, Internal Grids or Low-E/Argon, Gray Glass
The Cascades Casement Series	Requires Low-E/Argon

This Statement certifies that as long as these options are included in the order of the window, they will meet both Energy Star requirements as well as the minimum U-Value and SHGC numbers necessary to procure the tax credit from the stimulus bill signed into law on February, 17, 2009.
